PLEASE KEEP THE COUNTRYSIDE TIDY

SOME COMMENTS FROM THE SPONSOR

"I would like to thank all those who completed in this year's SLMM, and in writing these few words I would like to take this opportunity to quash any suggestions that this year's Courses were designed to be particularly difficult so as to reduce demand for this popular Event.

I accept that we have two applicants for each place available, and that we stretch the permitted numbers entered to the limit, but please be assured that the Courses, although demanding, will be somewhat less arduous next year – didn't the girls do well!!

For those of you who may wish to enter next year's Event, please find an application form with this booklet and again please note that there will be no acknowledgement as this would otherwise add to our enormous burden to our mail. Those wishing confirmation of acceptance should check with their bank statements that cheques have been cleared. Those applicants who we are unable to accept, which is generally because the Event is full, will receive the return of their cheques by return of post.

To those of you who become anxious in respect of the non-receipt of details as the date draws near, may we remind you that these are usually sent out at about two weeks before the Event because in the past many distant competitors complained that other entrants would otherwise have the opportunity to familiarise themselves with the terrain.

I extend my sympathy to those of you who were not able to complete the Courses this year, but I sincerely hope to see you again.

It is with sincere regret that I have to advise you that, due to outside pressures, it will be necessary for us to reduce the intake of entrants for next year's SLMM by approximately 100 persons.

I am sorry that all of the 'T' Shirts were sold out early but would point out that everyone who ordered them in advance received them.

There are only a limited number of 'T' Shirts available for sale at the Event but you can be sure of securing yours by completing the order form on the reverse side of your Event application form.

All best wishes.

Reason: Missing No. 4

Yes, it was a tough year! No, the courses next year will not be so hard!

I had guessed that the courses might be about 10% longer than usual. In fact they were considerably longer than this for the shorter classes. Although the distances were similar to previous years, the steep rocky nature of the terrain slowed everyone down more than expected.

In planning the courses, I tried to avoid following the ridge tops, in particular the main footpaths, as this would have reduced the challenge of the Event and brought competitors into contact with hundreds of hill-walkers. Unfortunately the terrain on either side of the main ridges is generally deep and uncompromising!

Next year the courses will return to their usual lengths. However, SLMM 1997 will enter mountain marathon folklore as one of the epic events – much discussed when other events have been long forgotten. I hope everyone who successfully made it to the finish has been rewarded with a lasting sense of achievement.
