PLANNERS COMMENTS SLMM 1995

The competition area was on the small side, but at least it was perfectly formed! Permissions for the area were particularly complex to obtain, but luckily every landowner, tenant and commoner was agreeable and helpful.

Apologies for the Klets Day 1 checkpoint, "Southern Ruin", for which the grid reference was one digit out, although the description was correct. I hope no one lost much time there.

Please send us your comments on course lengths, difficulty, and the general organisation of the event. Otherwise things will keep going just as they have been. See you in the Lake District next year!

Martin Bagness

A LETTER FROM THE SPONSOR

Dear SLMM Enthusiasts

I know that I am repeating myself so I apologise for saying it again, however it must be said that the increasing popularity of the SLMM in recent years continues to cause an administrative headache simply because there is only one place for every two applicants.

Many of this year's unsuccessful applicants have already sent in stamped, addressed envelopes in order to receive early receipt of application forms to ensure that they do not miss another year/event which, of course, will inevitably keep up the pressure of demand.

On another note of regret, I am sorry that so many competitors were disappointed not to be able to purchase T-shirts with the event and year of the SLMM printed thereon. May I respectfully mention that we do print an order form on the reverse of the event application forms to thus enable them to be guaranteed against this disappointment, and of course we do in fact take a chance by printing a cautious supply of additional T-shirts to give a limited second chance to those who fail to order. However, these cautious supplies have never been sufficient to fulfil the 'second chance' demand.

Once again may I thank you for contributing your presence to the event and express the hope that we may see as many of you as circumstances permit next year.

Yours sincerely,

ROBERT SAUNDERS
