PLEASE KEEP THE COUNTRYSIDE TIDY

the "ORBIT G.7"

A two person lightweight tent of a new and unusual design.

Geometrically sound, the concept is to reduce the distance between the poles to increase efficiency and safety by reduction of wind pressure.

Suspended from one centre hoop and two end uprights, the "ORBIT G.7" is easy to pitch. The increased space between the large cubic capacity inner tent and flysheet ensures reduced condensation and gives much greater storage space.

With a total weight of only 4¾lbs. the "ORBIT G.7" is an ideal all weather lightweight tent.

ORGANISERS COMMENTS

CONGRATULATIONS if you successfully battled against the elements to complete your course.

COMMISERATIONS if you didn't make it.

BAD WEATHER COURSES. The Scafell, Bowfell, Kirkfell, Carrock Fell and Harter Fell courses were shortened on Day 1. Shortly after the start, the weather improved. On Day 2 the courses were left un-altered and the weather got worse - Typical!

CHECKPOINT BS. This went missing during Saturday afternoon - we don't know how. A few later Klets runners were affected on Saturday, and all Scafell and Bowfell runners were affected on Sunday. Rather than declare these courses void, it was decided to let the results stand. Perhaps this is not completely fair, but it rewards the majority of teams who went on to complete their course. It could also be argued that the more confident teams would have decided sooner that the marker was missing and would have wasted less time. There were no marshals assigned to BS - we don't have the manpower to marshal every check point. Each unmanned marker was weighted down with rocks to prevent it blowing away and was situated at an unfrequented location to prevent it being removed by a passing walker or farmer. There will always be some possibility of a marker going missing... unless anyone has any bright ideas.

CHECKPOINT BK. Apparently the marshals were situated some distance below the marker.

GRID REFERENCES. Teams having trouble plotting the positions of some checkpoints (especially BW and MB) should note that a grid reference identifies a 100m square to the N.E. of the point plotted from the co-ordinates, (or a 2.5mm square at 1:40000). The checkpoint feature will lie within this square and not necessarily at the point plotted.

ANY COMMENTS - Please send them in - on any aspect of the event.

We look forward to seeing you all next year, back in the Lake District!

A FEW WORDS FROM THE EDITOR

As an alternative to the Lake District National Park, Howgill Fells proved to be a most satisfactory venue for this years Mountain Marathon, providing good running and walking conditions despite the changeable weather.

The event organisers are to be complimented on providing challenging and, hopefully enjoyable courses for each class.

The National Trust have been most appreciative over our change of venue this year. It has proved to be a great relief to the burden placed each year on the Lakeland Fells by the ever increasing number of hill users. We hope to be back there next year.

A word about cancellations. There are always some genuine cases and in the past they have always been dealt with most sympathetically. This year however, only 75% of applicants turned up for the start. A cancellation rate of 25% is really unacceptable and leads one to believe that an increasing number of frivolous applications are being received on the basis of "let's get our names in, we can always cancel and get our money back". Cancellation, charges will now be strictly adhered to as follows.

UP TO 6 WEEKS BEFORE THE EVENT - 100% REFUND, UP TO 3 WEEKS BEFORE THE EVENT 50% REFUND. THEREAFTER - NO REFUNDS.

Our thanks are due to the following. **THE BACKPACKERS CLUB** for marshalling 22 checkpoints at remote, wet, and windy locations. **TEBAY COMMONERS ASSOCIATION, BRANT FELL COMMONERS ASSOCIATION, RAVENSTONE DALE COMMONERS ASSOCIATION**, for the use of the **HOWGILLS. MR. STOCKDALE**, (Farmer) for the Event Centre fields. **MR. WILLIAMS** (Farmer) for the **MIDCAMP SITE, THE YORKSHIRE DALES NATIONAL PARK. ENGLISH NATURE, THE VOLUNTEERS** who helped with registration, parking, starts and finishes. **THE TOWN OF SEDBERGH**. Some of the town traders were not aware that the event was taking place until they were inundated on Friday evening. This was the fault of the event organiser. Sedbergh would like to see you back again sometime.

The Editor.
