A WORD FROM THE SPONSOR

Hil – Everybody, for the 23rd year I find myself writing the same letter, but using different words. This is in the hope of introducing some originality, whilst using similar past comments. So:-

'MARVELLOUS' – 'SUPERB' – TERRIFIC'

These are just some of the words that come to mind when describing the overnight camp at WATENDLATH. We are most grateful to the National Trust for their kindness in permitting us to have the use of this wonderful place, also to Martin and his team for their skill in negotiating our presence in this scene of idyllic beauty.

I think that it's rather nice that the sun is still up and usually bathing the overnight camp scene in it's warmth and light. It's also nice to witness the pleasure of seeing competitors meeting familiar faces, and to thus add a social element to the S.L.M.M.

Sorry about the weather on day two, this imposed some difficulties upon Wilfs catering team, dining accommodation wise. This in turn also reduced the eating comfort of the diners. But all seemed well relieved to have finished the course, and all were in noticeably good spirits.

Again my commiseration's to those of you who failed to gain a place in this years event. My thanks to those who have sent us S.A.E's for next years S.L.M.M. You will receive an entry form for 2001 when the results are published. Thus, this will ensure that you will have an equal opportunity with other applicants to enter next years event.

I would again like to impose upon those of you who are applying to enter the 2001 S.L.M.M. to thank you to indicate what outdoor magazines that you read, this where indicated on the entry form.

My thanks to Martin, Charlotte, Alan, Wilf and their teams, also to daughter Carolyn and of course your good selves who continue to make this most sought after event possible. Keep up the training, I hope to see you in 2001.

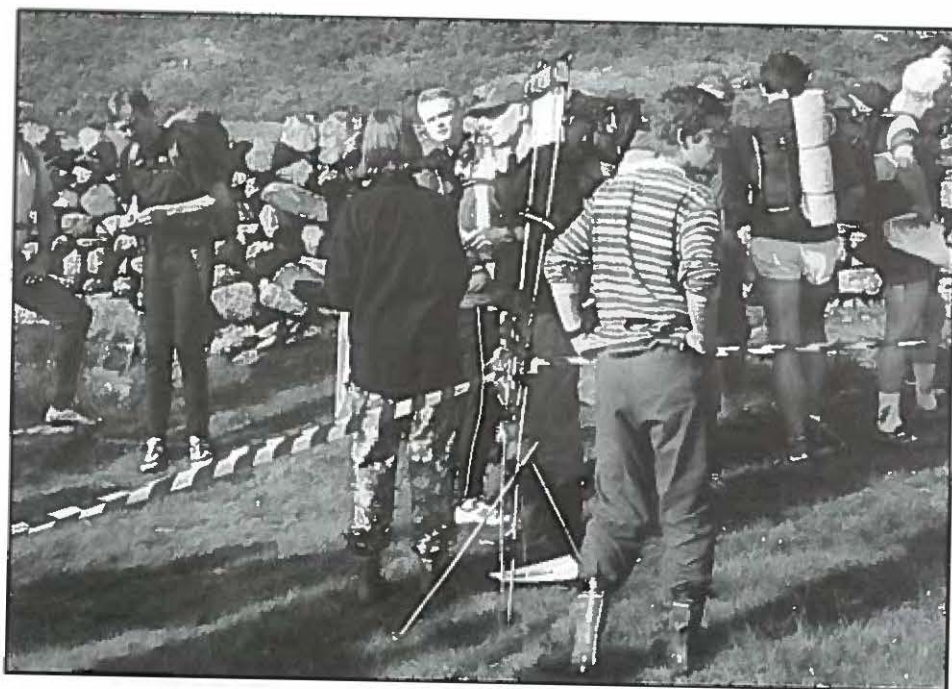

Yours truly,
Robert Saunders

PLANNERS COMMENTS

These were my aims: route-choice legs, legs with the optimum route off paths, a few checkpoints in complex areas, variety of terrain, checkpoints not hidden and on fair, well mapped features. Above all, not over-long courses. I didn't need to bother about brilliant terrain and scenery- the Lake District provided these.

If you have any comments on the courses- if you think they should be longer, shorter, flatter, hillier, or anything else- please contact me via Saunders Head Office. See you all next year!

Thank you to: The Backpackers Club for manning the checkpoints. The farmers; Keith Rowand and Dick Richardson. The National Trust and North West Water. Also to our team of helpers.

Martin Bagness.

Now, a few notes for newcomers to the Mountain Marathon scene.

Classic Mountain Marathons are usually of two days duration, day one often has the longest courses and is usually the most demanding. This to leave a shorter and less demanding second day. As most competitors travel long distances to take part. Competitors are required to complete two severe days mountain navigation in teams of two. An exception being the "Saunders Klets classic" which is a solo event. Competitors must carry all the equipment necessary for the compulsory overnight stop. A typical equipment list includes the following:-

Per pair

Food for 36 hours and a cooking stove. A tent (bivvies, formal or otherwise are not acceptable).

Per competitor

Sleeping bag. - Rucsac. - Appropriate clothing i.e. thermal bodywear, lycra tights and thermal overjacket etc., - Waterproof jacket and overtrousers. - Map. - Torch. - Whistle. - Compass. - Survival bag. - Emergency rations.

In order to complete the courses as quickly as possible, the emphasis is on high quality lightweight equipment. For example, a two person tent weighing 2.5 kilos or less and a sleeping bag of less than a kilo. Top teams carry a starting load of about 9-12lbs. per person, including food.
